

Delete your account and the data associated with it

You can delete your SpotGenius account at any time using our in-app Delete Account feature. Deleting your account is irreversible. We can't reverse this even if you delete it by accident.

To delete your account

- In-app Delete
 - Open SpotGenius.
 - Tap More in the Navigation bar > Account > Delete Account.
 - Tap Delete account
 - Tap on Delete in the confirmation popup
- Alternatively, Email us at support@spotgenius.com to request deletion of your account from your registered Email address. Your account will be deleted after 7 days of sending the email.

Deleting your account will:

- Delete your account and the data associated with it from SpotGenius after 7 days
- But if you sign back in within 7 days, your account will be reactivated

If you delete your account:

- You can't regain access to your account
- It will take 7 days from the beginning of the deletion process to delete your SpotGenius Account and the data associated with it
